

Mustang Desert (Danl Boone the Lost Wilderness Tales)

Legendary frontiersman Danl Boone and his friend Showshoe Hendee are making their way across the brutal Great American Desert in search of a herd of wild Spanish mustangs. They know that the horses will fetch a good price back in the Colonies--if they can get them back there alive. But the herd is the least of their worries, because a bitter enemy knows what trail Danl is taking, and hes fired up a fierce band of warriors to bring back Danls scalp or die trying.
