

I Never Fancied Him Anyway

Claudia Carroll is already a major bestselling author in her native Ireland, and now she's ready to take America by storm with her poignantly hilarious new novel, *I Never Fancied Him Anyway*. Like her fellow countrywoman, New York Times bestselling novelist Marian Keyes, Carroll mixes outrageous humor with real emotion in this story of a hapless and loveless psychic who can see everyone's future but her own. *I Never Fancied Him Anyway* is already in the works as a major motion picture from the producer of *The Devil Wears Prada* and *P.S. I Love You*. Now is the time to discover this funny, quirky, romantic winner that everyone will soon be talking about.
