

## Massacre Pass

Massacre Pass is about a family living in Utah in the 1980s. The aging husband and wife are having marital problems they willfully ignore to keep family peace. The wife is burdened with an underlying sense of guilt because she knows she killed her mother when she was a child. As a result of her guilt she compensates by always striving to do what is right and overlooks the reckless behavior of her husband and children because she's uncertain she owns the moral high ground. Her older daughter has unknowingly married a bisexual man and is about to give birth to his baby. She becomes increasingly aware and unhappy with her situation but is trapped by the rapidly approaching birth of their child. The older married son struggles with an unstable, turbulent marriage that somehow remains unshakable. The handsome, crafty teenage son comes of age bereft of any sense of morality, judgment or responsibility. The younger twelve-year old daughter is involved in prurient activities that finally place the entire community in an unwelcome spotlight. The family members, their relatives and friends struggle with personal turmoil against the background of seemingly placid small-town life. There is a volatile mixture of excitement, humor, tragedy and pathos that finally lead to unexpected consequences. On a broader canvas, the story involves the panorama of small-town life in the West with its pro forma neighborliness and instinctive intolerance and the self-limiting goals of its inhabitants and their occasional desperate attempts to transcend them.
