

A Functional Man And Other Stories

Poor Carl. He cant write a simple check to save his life. He can barely drive a car. And yet hes positive he can undo the monumental disaster he caused back at the laboratory. Professor Horst Langsammachen, its been rumored, has found a way to hurl a baseball at close to the speed of light. Now if only he can find his way to the pitchers mound. And what a mess Willis has made of things, all because hes incapable of answering simple yes-or-no questions. Here are but three of the characters youll find in this varied collection of stories about those who can and those who cant. And those unfortunate souls who are often at their mercy.
