

For Nil Consideration (Sheraton Moss Book 1)

Ten years ago, Dawn Evans devastated her daughter with news that would change her life forever. Jack and Dawn Evans were getting divorced. This story follows the emotional turmoil of a distraught teenager as she comes to terms with the divorce of her parents and the horrific events that surround it. The divorce was now looming. Mum was trying to remain friends with Dad, despite his obnoxious behaviour. I think it was an attempt, certainly on Mums side of things, to try and make their separation as painless as possible for Mike and me. Little did any of us realise at the time just how awful things would become...With grim determination, she tries to defend herself against the horrors of her life, when Gary, her mums new partner, moves in her problems dont get any better - in fact, they get worse. Gary had started to come around quite a lot. I still wasnt very comfortable with him around me. As Gary and Dawn endeavour to make a new life for themselves, away from Jacks influence, they seem to be blighted at every turn and there is nothing anyone can do to help them. For Nil Consideration, is the first in a new series of books based around the fictional Sheraton Moss estate in Teesside, and is guaranteed to have the reader turning page after page desperate to find out what happens to the unfortunate northern family.
