

Red and Broken

Not all wars are fought overseas. Alice Delaney is invisible, or so she thinks. Trauma and pain have made her withdraw from those around her. She watches life play out through her window, but isn't really living. When therapy just isn't helping, where else can Alice turn? A veteran-turned-attorney, Josh Marcus has sworn to uphold justice for the victims he represents. It's the only way he knows how to calm the guilt from the injustice he saw on the front lines. His real battle, though - how does he help the girl who doesn't come to him for legal help? As compatriots suffering from PTSD, Alice and Josh turn to unconventional means that help them cope with the trauma in their pasts. Reader Advisory: this book contains scenes of BDSM, adult sexuality, flogging and sadomasochism.
