

The Man Who Was Left Behind: And Other Stories

Every volume [Rachel Ingalls] has written displays the craft of a quite remarkable talent. Tales of love, terror, betrayal and grief, which others would spin out for hundreds of pages, are given the occluded force of poetry. Amanda Craig, Independent Rachel Ingalls (b. 1940) grew up in Cambridge, Massachusetts, and has lived in London since 1965. The title-piece in this collection, first published in 1974, is the novella *The Man Who Was Left Behind*, which tells of a retired lawyer from the American South whose entire family has been destroyed. His grief drives him to haunt the bars, parks and laundromats of the town where he was once a respected citizen. The accompanying stories *St. George and the Nighclub* and *Something to Write Home About* are both set on the island of Rhodes, and both offer disquieting portraits of marriage.
