

The Art of Desire

Contemporary erotica with a historical romance twist from a hot new author. Museum director Mandy Cooper is obsessed with nineteenth-century artist Catherine Burke and the artist's erotically charged relationship with Atacar, her enthralling American Indian lover. But Mandy's link to the legendary couple runs deeper than she knows. She's having a heated affair herself with Jared Cabrillo, Atacar's handsome great-great nephew who knows precisely what it takes to seduce a woman. He's in possession of Catherine's explicit journal. He knows every intimate detail of what she wanted and needed. But he also knows how desperately Catherine had loved Atacar and how dangerously he'd loved her. The journal is timeless and tragic, and the secrets contained within its pages can bring Mandy and Jared together, or just as surely destroy them both—desire by shocking desire.
