

## The Ladies Lindores, Volume 2

Lord Millefleurs had given his family a great deal of troublenot in the old-fashioned way of youthful folly or dissipation, which is too well known in every age, the beaten road upon which young men tread down the hearts of their progenitors, and their own best hopes, in all the wantonness of short-sighted self-indulgence. The heir of the house of Lavender had gone wrong in an entirely new-fashioned and nineteenth-century way.
