

## No Escape: A Female Domination Story

Peter calls a key holding company to look after the keys to a chastity belt but gets far more than he expected when Nurse Amelia visits. She explains to him about the whole package they offer and he was impressed enough to sign up for a whole year. Nurse Amelia is the lady of his fantasies and he initially hopes that she will relent on the strict regime she insists upon. It soon becomes clear that isn't going to happen. At that stage he had slight doubts but very quickly those doubts turned into a nightmare. As the months ticked by so Peter got more used to his lovely nurse calling and checking up on him, he found he looked forward to her visits. When three months away from the end of his contract and possible release Nurse Amelia makes an offer of her own. Peter's life is about to change but not in the way he expected.
